

## **JOB SPECIFICATION**

### **Research Consultant**

£25-35k variable depending on experience

### **YORK CONSULTING - Achieving Excellence**

York Consulting is a leading socio-economic research consultancy with a national track record for quality and innovation. We specialise in:

- quantitative and qualitative evaluation of policy and programmes
- primary and secondary research
- economic impact analysis
- education and skills
- children, young people and families
- social policy and social care.

We have a vacancy for a Consultant at our Leeds office. Ideally the successful candidate will have experience in one or more of our specialist areas and will have strong numeracy skills.

They will also:

- have a keen interest in the development, implementation and impact of public policy
- be able to analyse and interpret data efficiently and accurately
- be able to write clear and informative reports
- have the potential to influence clients, generate income and write proposals
- be self-starting and motivated.

The successful candidate will work within a dynamic team of multi-discipline consultants, making important contributions to a range of research and evaluation projects for high profile public sector clients. They will undertake primary and secondary research, data interrogation and analysis, and will contribute to high quality reports and presentations for senior clients.

We will provide life assurance, opportunity to be part of a pension scheme, 25 days annual leave (plus statutory holidays), ongoing training and free parking in the centre of Leeds.

We would prefer candidates to have a driving licence and own a car.

If you think you have the skills and experience we are seeking, please send your CV and a covering letter to [reception@yorkconsulting.co.uk](mailto:reception@yorkconsulting.co.uk).
